INDEX

Volume 22, 1951

A

Affection
  characteristics preventing
    anxiety, 286, 289
    conflict, 286, 289-290
    dependency, 285-286
    devaluation, 289
  projective test data on, 286-290
Alexander, Theron, 285
Allen, Robert M., 61
Ambivalence, maternal, 300-301, 309
Anthropomorphic measurements
  selection of, 90-92
  techniques of in body form
    boys, 6-8
    girls, 277
Attitudes
  maternal, shown by controlled play of children, 300-303, 309-310
  parental
    educational aspirations for child, 41-42
    preparation of child for Grade I, 42
    preschool attendance, 40-41
    report cards, 43-45, 121
    school and teacher, 42-43, 119-120

B

Bayley, Nancy, 47
Behavior changes in children during first 8 months of school, 116-119
Body form
  anthropometric techniques of measurement
    boys, 6-8
    girls, 277
  correlation of height-circumference ratios with age, 80-81
  correlation of height-circumference ratios with somatotypes, 82-85
  formula for deriving "normal" weight, 85
  indices of
    boys, 415
    girls, 276
  intercorrelations for ratios of
    boys, 11-12
    girls, 282-283
  means for ratios of
    boys, 8-9, 279-280
    girls, 278-280
  norms (variability) for ratios of
    boys, 9-11
    girls, 280-282
  objective somatotyping of, 83-85
  ratios of
    boys, 4-5
    girls, 276
  subjective method of somatotyping, 77
  Wetzel Grid Method of somatotyping, 77-78
Bossard, James H. S., 211
Breathing
  evaluation of training in, 186-188
  kymograph records of, 187

C

Childhood visiting
  extent of, 212
  basic problem of, 213
  pattern of, 213-214
  role of grandparents and relatives, 214-216

NOTE: Pagination for all other than first author is given in parentheses.

socialization through, 217-220
Children
controlled play situations with nursery school, 301-303, 309-310
rejected, 305-308
language development in, 189
loss of human traits by isolation, 153-158
ontogenesis of speech in, 186
organismic age of, 186
physique of Aleutian Aleut, 265-266
reading readiness in, 190-191
Rorschach protocols (age 2-3), 62-69
stature of Aleutian Aleut, 262-264
tooth emergence in Aleutian Aleut, 266-269
compared to norms, 267-268
Cruickshank, William M., 291
Culp, Stanley S., (3)

D

Damrin, Dora E., (133)
Dennis, Wayne, 153
Doll play, controlled experiments
with nursery school children, 301-303, 309-310
with rejected children, 305-308
Drawings
characteristics of children's, 134-135
factor analysis of rating, 138-143
ratings of, 136-137

F

Family
home routine of related to verbal skill, 108-109
interaction related to verbal skill, 107-108, 109-110
systems in lower-class and core culture, 147-149,151-152
Fear responses of handicapped children, 293-295
Feeding, breast vs. artificial, 199-203
Fiedler, Miriam Forster, 193
Frustration in children's painting, 128-129

G

Garn, Stanley M., 261
Gilliland, A. R., 271
Group relations in lower-class and core culture, 149-152
Guilt responses of handicapped children, 296-298

H

Hanley, Charles, 247
Hearing defects and socio-economic status, 195-198
Honzik, Marjorie P., 15

I

Indices of body form
boys, 4-5
girls, 276
Infant
breast feeding vs. artificial, 199-203
care disciplines, 203-207
intelligence, reliability of measurement, 271-272
Intelligence Test, Northwestern, 271
performance on intelligence tests
socio-economic factors, 272
differences between white and Negro, 272-273
I.Q.
correlated with other factors, 232-233
related to somatic androgyny, 53

NOTE: Pagination for all other than first author is given in parentheses.

K

Ketcham, Warren A., 185
Kuder Masculinity-Femininity
  means and S.D.'s for somatic androgyny groups, 54
  profiles, 55-58
  scores, 52

L

Language development, 189

M

Maas, Henry S., 145
Martin, William E., 133
Masculinity-femininity
  Kuder profiles, 55-58
  Kuder scores, 52
    means and S.D.'s for somatic androgyny groups, 54
  related to reputation with classmates, 31-34
  related to somatic androgyny, 30-31
  shown by play construction, 27-30
Massler, Maury, 75
Means for ratios of body form
  boys, 8-9, 279-280
  girls, 278-280
Meredith, Howard V., 3, 275
Milner, Esther, 95
Moloney, James Clark, 163
Moorrees, Coenraad F. A., (261)

N

Nomograms for calculation of "normal" weight, 87-90
Norms (variability) for ratios of body form
  boys, 9-11
  girls, 280-282
Nursery school
  controlled play situations in, 301-303, 309-310

O

Ontogenesis of speech, 186
Organismic age, 186
Overprotection by mothers of nursery school children, 300-301, 309

P

Painting as indicator of frustration, 128-129
Parent Behavior Scales, 225, 227, 232, 233
Parental attitudes
  criticism of school, 42-43
  educational aspirations for child, 41-42
  preparation of child for Grade I, 42
  preschool attendance, 40-41
  reception of report card, 43-45
Physique of Aleutian Aleut children, 265-266
Pinneau, Samuel R., 235
Play
  constructions of preadolescents
    masculinity-femininity scores shown by, 27-30
    sex differences in materials used, 17-27
  controlled situations, 301-303, 305-308, 309-310
Projective Sentence Completion Test
  structure of, 291-292
  responses of handicapped children, 293-295, 296-298
Projective test data on affection, 286-290

R

Ratios of body form
  boys, 4-5
  girls, 276
  intercorrelations for

NOTE: Pagination for all other than first author is given in parentheses.

boys, 11-12
girls, 282-283
Reading readiness, 107-112, 190-191
Rejection by mothers of nursery school children, 300-301
Reputation tests, 248, 250, 258-260
Reputation trait scores, 249, 251
comparison, 250
correlation with physique components, 249, 251, 254-256
predictions, 251, 255
related to masculinity-femininity scores, 31-34
related to Temperament Scale, 249, 251, 254
reliability, 249
Richards, T. W., 221
Rorschach with 2-3 year old, 62-69

S

Sherbina, Paul R., (275)
Social class differences in parental attitudes toward
educational aspirations for child, 41-42
criticism of school, 42-43
preparation of child for Grade I, 42
preschool attendance, 40-41, 119-120
reception of report cards, 43-45, 121
Socialization of child
attendance in first grade, 116-119
visiting, 217-220
Socio-economic status and hearing defects, 195-198
Somatic androgyny
compared with strength, 50-52
Kuder means and S.D.'s for groups, 54-55
related to I.Q., 53
related to masculinity-femininity scores, 30-31
scores, 48-49
standards, 48
Somatotypes, 83-85
correlation with height-circumference ratios, 80-81
Sheldon, 248
correlation with reputation trait scores, 249, 251, 254-256
Stature of Aleutian Aleut children, 262-264
Stendler, Celia Burns, 37, 113
Suher, Theodore, (75)

T

Temperament Scale, Sheldon, 247
dimensions, 249
related to reputation test, 249, 251, 254
Thomas, R. Murray, 123
Tooth emergence of Aleutian Aleut children, 266, 269
compared to norms, 267-268

V

Verbal skill
related to family interaction, 107-108, 109-110
related to home routine and mother's background, 108-109
relation of social class to achievement of in Grade I, 99-100
Vincent, Clark E., 199

W

Weight
formula for deriving "normal," 85
nomograms for calculation of "normal," 87-90
Wetzel Grid Method, 77-78
Winstel, Beulah, 299

Y

Young, Norman, (113)

NOTE: Pagination for all other than first author is given in parentheses.

CONTENTS

Volume 22, 1951

Number 1, March, 1951

Body Form in Childhood: Ratios Quantitatively Describing Four Slender-to-Stocky Continua on Boys Four to Eight Years of Age
Howard V. Meredith and Stanley S. Culp 3

Sex Differences in the Occurrence of Materials in the Play Constructions of Preadolescents
Marjorie P. Honzik 15

Social Class Differences in Parental Attitudes toward School at Grade I Level
Celia Burns Stendler 37

Some Psychological Correlates of Somatic Androgyny
Nancy Bayley 47

A Longitudinal Study of Six Rorschach Protocols of a Three-Year-Old Child
Robert M. Allen 61

News Notes 71

Number 2, June, 1951

Calculation of "Normal" Weight in Children
Maury Massler and Theodore Suher 75

A Study of the Relationship between Reading Readiness in Grade One School Children and Patterns of Parent-Child Interaction
Esther Milner 95

Impact of First-Grade Entrance upon the Socialization of the Child, Changes after Eight Months in School
Celia Burns Stendler and Norman Young 113

Effects of Frustration on Children's Paintings
R. Murray Thomas 123

An Analysis of the Reliability and Factorial Composition of Ratings of Children's Drawings
William E. Martin and Dora E. Damrin 133

Some Social Class Differences in the Family Systems and Group Relations of Pre- and Early Adolescents
Henry S. Maas 145

A Further Analysis of Reports of Wild Children
Wayne Dennis 153

News Notes 159

NUMBER 3, SEPTEMBER, 1951

Some Simple Cultural Factors in the Etiology of Schizophrenia
James Clark Moloney, M.D. 163

Experimental Tests of Principles of Developmental Anatomy and Neuroanatomy as Applied to the Pedagogy of Reading
Warren A. Ketcham 185

A Study of the Socio-Economic Status of a Group of Public School Children with Hearing Defects
Miriam Forster Fiedler 193

Trends in Infant Care Ideas
Clark E. Vincent 199

Process in Social Weaning: A Study of Childhood Visiting
James H. S. Bossard 211

Mental Test Performance as a Reflection of the Child's Current Life Situation: A Methodological Study
T. W. Richards 221

A Technique for Making One-Way Mirrors
Samuel R. Pinneau 235

NUMBER 4, DECEMBER, 1951

Physique and Reputation of Junior High School Boys
Charles Hanley 247

Stature, Body-Build, and Tooth Emergence in Aleutian Aleut Children
Stanley Marion Garn and Coenraad F. A. Moorrees 261

Socio-Economic Status and Race as Factors in Infant Intelligence Test Scores
A. R. Gilliland 271

Body Form in Childhood: Ratios Quantitatively Describing Three Slender-to-Stocky Continua on Girls Four to Eight Years of Age
Howard V. Meredith and Paul R. Sherbina 275

Certain Characteristics of the Self as Related to Affection
Theron Alexander 285

The Relation of Physical Disability to Fear and Guilt Feelings
William M. Cruickshank 291

The Use of a Controlled Play Situation in Determining Certain Effects of Maternal Attitudes on Children
Beulah Winstel 299
